

Retrospective

WHAT WENT WELL

This time we add more features to our deliverable and it works correctly. Our team endeavor was successful overall, and good communication was crucial to that accomplishment. Throughout the development process.

WHAT CAN BE IMPROVED

We want to correct our mistakes based on professor's feedback. Coordination should be improved in between team members. Need to discuss more about project ideas in the meetings.

WHAT ACTION WE TAKE TO IMPROVE

Need to make communication open and transparent. Need to conduct more meetings. And will discuss more about project ideas so that we can develop our application more better.
